1. Executive Summary / 执行摘要

Following confirmation that the original compressor model CSH8581-125Y-40P has been discontinued, four China-based BITZER distributor/supplier candidates were screened for the current procurement target CSH8583-125Y-40P. 在确认客户原压缩机型号 CSH8581-125Y-40P 已停产后，本阶段针对当前采购调查目标 CSH8583-125Y-40P 筛查了 4 家中国境内比泽尔经销商/供应商候选。

For all four candidates, the legal entity fields required by Milestone 1 were cross-checked against National Enterprise Credit Information Publicity System reports. BITZER authorization documents were also reviewed, and invoice-header identities were cross-matched against the registered entities.

4 家候选的里程碑 1 所需法定主体字段均已与国家企业信用信息公示系统报告进行交叉核验；同时审阅了比泽尔授权文件，并将发票抬头主体与工商登记主体进行了交叉匹配。

Candidates screened 已筛查候选	4
Corporate identity official-record verified 工商主体官方记录核验	4 / 4
BITZER authorization confirmed 比泽尔授权确认	4 / 4

M1 delivery status: COMPLETE. Corporate identity and BITZER authorization have been verified for all four candidates, and the exact-model supply/order status for CSH8583-125Y-40P has been directly confirmed with all four suppliers.

M1 交付状态：完成。4 家候选供应商的企业主体及比泽尔授权均已完成核验，且 4 家供应商均已直接确认 CSH8583-125Y-40P 准确型号的供货/订货状态。

1.1 Model Scope Clarification / 型号范围说明

The original compressor model CSH8581-125Y-40P was confirmed discontinued during supplier and technical verification. Therefore, Milestone 1 screening is focused only on the current procurement target CSH8583-125Y-40P; CSH8581-125Y-40P is retained solely as the original equipment reference and is not a current procurement target.

在供应商及技术核验过程中，已确认客户原压缩机型号 CSH8581-125Y-40P 已停产。因此，里程碑 1 的供应商识别与筛查仅针对当前采购调查目标 CSH8583-125Y-40P 开展；CSH8581-125Y-40P 仅作为原设备型号参考，不再作为当前采购调查目标。

2. Scope and Boundary / 范围与边界

Milestone 1 covers supplier identification, legal entity data, BITZER authorization status, stock/order classification based on direct supplier confirmations, and invoice-entity consistency.

里程碑 1 覆盖供应商识别、法定主体数据、比泽尔授权状态、基于供应商直接确认的库存/订货分类，以及发票主体一致性。

Pricing, payment structure, export logistics, warranty responsibility, bank-account verification, Form F and final transaction assessment will be addressed and reported under the relevant subsequent milestones.

价格、付款结构、出口物流、质保责任、银行账户核验、Form F 以及最终交易评估将在相应后续里程碑中继续推进并进行报告。

During supplier screening, preliminary commercial information relevant to Milestone 2 was also obtained from some screened suppliers. This information will be consolidated and reported during Milestone 2.

在供应商筛查过程中，目前已从部分已筛查供应商取得与里程碑 2 相关的前期商务信息。上述信息将在 M2 阶段统一整理并报告。

6. Official Record Verification Note / 官方记录核验说明

Corporate fields were cross-checked against National Enterprise Credit Information Publicity System reports used in the verification work. 企业工商字段已与核验过程中使用的国家企业信用信息公示系统报告进行交叉核验。现有报告生成时间为较早日期（2023-2025 年），因此本报告不将其表述为 2026 年 8 月 17 日进行的实时工商查询。
